

REMARKS

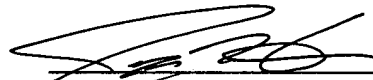

The substitute specification enclosed herewith contains no new matter. Applicants note that all previous amendments to the specification are regarded as entered and therefore they have been incorporated into the enclosed, marked-up and clean copy of the substitute specification without further notation. Applicants also note that the explicit requirement for submitting the substitute specification is the addition of **page numbers**. Therefore, the only amendment noted on the marked-up copy of the substitute specification is that the **page numbers** are underlined.

The Commissioner is authorized to charge any additional fees due by way of this Amendment, or credit any overpayment, to our Deposit Account No. 19-1090.

All of the claims remaining in the application are now believed to be in condition for allowance. Favorable consideration is respectfully requested.

Respectfully submitted,
